## LET'S FINISH OUR JOB WILL BE PLEA OF U. S. IN APRIL

OFFICIALS BELIEVE COUNTRY WILL RISE TO ITS DUTIES IN FIFTH LIBERTY LOAN DRIVE

The world at large admits that the United States "started something" when we went into war. The treasury department officials at Washington believe that the United States will be ready and willing to "finish it" when the last three weeks in April roll around.

The last three weeks in April are the weeks immediately set for the Fifth Liberty Loan campaign. And one of the appeals to be made to the public in the sale of the bonds will be the appeal to finish the job. A committee headed by Guy H. Burgess, director of the Liberty Loan Committee of the New York district, was appointed at a recent meeting of treasury department representatives from the twelve federal reserve districts and delegated to go over the ideas and views expressed at the conference with an idea of stirring out of them a basis for a sales campaign in April.

Two features stood out prominently as obvious and convincing arguments for the purchase of bonds of the Fifth loan. One was the need for finishing the job we have on our hands. The heavy expenses incident to demobilization, return of the boys and whatever reconstruction or retraining duties may fall to us from the peace table must be met. The proceeds from the Fourth Loan are unavailable for these purposes as they were spent almost as soon as they were raised.

The other feature upon which particular stress is to be laid, is the opinion of the men outlining the plan, is the investment feature. As an investment the bonds will be particularly attractive from the standpoint of safety because the transaction from a war to a peace basis in the action can not have any other effect on them than to increase their value.

Only four ships have been delivered by the three great Government shipbuilding plants, according to Chas. P. Director General of the Emergency Fleet Corporation testifying before the Senate Commerce Committee.

No use for Germany to plead for food from their former enemies until they have established a stable government in Berlin says the Vossische Zeitung of Berlin, urging that the assembling of the national convention be hurried.

Sunday. Rear Admiral Taylor testified before the House Naval Committee that the hulls and the machinery of ten battleships and six battle cruisers ordered in 1915 will cost \$50,000,000 more than estimated.

The Czechoslovak and Siberian forces under Gen. Galitskiy destroyed a Bolshevik Third Army at Perm, taking 31,000 prisoners.

Sunday. President Wilson ended his visit to Rome yesterday. He called upon Pope Benedict and was made a citizen of Rome. He left last night on the return trip to Paris, and will visit Milan, Turin, and Genoa. The Pope presented the President a handsome mosaic reproducing guide Ren's famous picture of St. Peter. The President's visit to Rome was the business of his European trip and the most demonstrative.

According to advices from Paris, while no actual agreements have been reached on peace problems, great progress has been made, and Americans are optimistic. The President's work so far has been merely preparing the ground, it is said.

The old First Kentucky, now a part of the 18th Infantry, returned to Louisville yesterday and last night the boys were given a rousing welcome by friends and relatives. The trains which bore them home were twenty hours late.

Advices from Europe indicate that President Wilson regards the demonstration in his honor in Paris, London, Manchester and Rome show that the people of Europe approve of his plan for a League of Nations as a guarantee against all war.

In his address at the dinner at the Quirinal Friday night to President Wilson King Victor Emmanuel indicated that Italy favored the League of Nations as proposed by President Wilson as a means of guaranteeing the peace of the world.

The Assistant District Attorney will ask the New York Stock Exchange to investigate when he termed order sales of Liberty Bonds made, he charged, for the purpose of dodging the income tax.

The election campaign for the German National Assembly is on in full swing and the methods used to capture votes are very much like those in the United States, according to advices from Berlin.

What the Zionists are planning, according to one of their leaders in Paris, is a commonwealth in Palestine under the protection of some great power, where Jews of all countries may find a home.

In a statement given out in Paris, George Croel said that the remaining task of the Committee on Public Information is to make peoples of the Balkans acquainted with American thought and purpose.

The Berlin Government considers the advance of Russian Bolsheviks toward Riga as a menace and as foreshadowing the invasion of Prussia, and is considering sending an army to repulse the Reds.

Although outnumbered three to one, the American troops in Northern Russia are fighting desperately against the Bolshevik forces who are trying to outflank them.

Congress was asked yesterday by President Wilson, through a message transmitted by the State Department, to appropriate \$100,000,000 for the relief of starving Europe.

TUESDAY. The whole country is mourning for the passing of Col. Roosevelt. In Washington Congress adjourned after tributes.

## Weekly Health Talks

A WORD ABOUT THE KIDNEYS BY DOCTOR WATSON.

People are easily frightened when they think something is the matter with their lungs or heart, and well they may be; but few people understand the dangers of diseased kidneys. These organs have a duty of vital importance to perform, and if they are diseased, there is no telling how or where the symptoms may appear. The kidneys are filters, and when they are healthy they remove the poisons from the blood and purify it. When the kidneys are diseased, the poisons are spread everywhere, and one of these poisons is uric acid. The uric acid is carried all through the system and deposited in various places, in the form of urate salts—in the feet, ankles, wrists and back—often forming bags under the eyes. Sometimes the resulting trouble is called rheumatism, lumbago, sciatica and backache. Finally, come stone in the bladder, diabetes and Bright's disease.

Dr. Pierce, of Buffalo, N. Y., in recent years, discovered that a certain combination of remedies would dissolve uric acid (urate salts) in the system. He found this combination to be harmless, so that he made it up in tablet form of double strength, and called them Anurie Tablets. They dissolve uric acid in the human system as fast as it is formed. If you have uric acid troubles, don't delay in taking Anurie Tablets, which can be secured in the drug store. You can write Dr. Pierce, too, and he will tell you what to eat and how to live so that more uric acid will not form in your system. Dr. Pierce will not charge for this advice.

## Greatest Nation Of Wasters Is Reformed By War

THE silver lining of the war cloud was apparent to one man down in New York City long before the signing of the armistice made it visible to all men. And this man saw it from a little different angle.

He was S. W. Strauss, New York State Senator and president of the American Society for Thrift.

"The war has taught us as a people more about thrift than any other one thing which could befall or has befallen us," Strauss said in a recent interview. "We have practically doubled, since the war started, the number of families in the United States who have something put by for a rainy day."

"We had been a most wasteful nation up to the beginning of the war. Before war the number of persons who were drifting on without any

Hixson, Tenn.—"About 10 years ago I was... says Mrs. J. B. Gadd, of this place. 'I suffered with a pain in my left side, could not sleep at night with this pain, always in the left side...'

My doctor told me to use Cardui. I took one bottle, which helped me, and after my baby came, I was stronger and better, but the pain was still there. I at first let it go, but began to get weak and in a run-down condition so I decided to try some more Cardui, which I did.

This last Cardui which I took made me much better, in fact, cured me. It has been a number of years, still I have no return of this trouble.

I feel it was Cardui that cured me and I recommend it as a splendid female tonic."
